Subject: Fw: Request for Minutes

Good morning Admiral Lyons,

We are forwarding an email we received from Doug Dalhoff. I requested the minutes of a PMR held to discuss the DSV for the Kuwait Navy from Mike Barton, our case manager, for the FMS case to verify the LOA had specified Swift as a sole source, and I stated that any other information could be stricken if need be. None of the information is confidential that was discussed and as such none of the minutes are confidential. We were present at the PMR and do not feel that requesting the minutes is inappropriate since we are the sole source for the program. During this PMR, Navsea committed to the Kuwait Navy that a technical design contract be awarded by the end of 2008 with a full contract by September 2009. This email shows Navsea does not intend to assist Swift in the easiest of requests. We feel that Navsea is trying to hide from it's commitments to award contracts to Swift, and if Sea released these minutes, they would reveal the fact that they have truly not lived up to those commitments. This email can be used as a basis for their treatment of Swift on all matters. Additionally, Capt. John Schwering, we think this is the correct spelling, is retired from IPO 03 division. We have no information on his whereabouts at this time.

You can see all of the people that received this document.

Best Regards,

Calvin

Calvin,

The signed PMR minutes you are referring to is a government to government document that contains program sensitive information. As such, I do not feel it is appropriate to provide these minutes to Swiftships. The only information contained in these minutes that should be of interest to Swiftships has to do with the DSV. I can confirm that these minutes act as the Letter of Request (LOR) to amend the case to designate Swiftships as the sole source provider for the DSVs.

First Request to Mr. Barton Dated March 25, 2009

Dear Doug:

We request that you authorize release of the minutes from the referenced meeting with Kuwait officials held at the Doubletree in Washington. The purpose for these minutes is for confirmation of LOA and selection of Swiftships as the sole source provider for the DSVs. We would appreciate receiving a copy of the minutes as soon as possible even if you have to redact certain portions.

Thank you.
